Octopus App for Business enables Lalamove drivers deliver a quick and simple digital payment experience

Drivers' NFC-enabled mobile devices can now become Octopus readers for Octopus card or O! ePay QR code payments!

GET IT ON **Google Play**

Download on the **App Store**

Octopus for Business 🔍

Activate and Login - Lalamove drivers can start using Business O! ePay to receive Octopus payment in no time.

- Just a few simple steps without the need to sign up for an individual Business O! ePay account.

- Simply download the Octopus App for Business at Google Play or App Store for free, and activate their Business O! ePay "cashier mode" function via the login details sent to each driver through SMS, Lalamove drivers can immediately start receiving Octopus payments.

- Lalamove will pay directly to its drivers, drivers can hence enjoy an even more convenient payment collection experience.

Three easy steps to open up payment access to 35 million Octopus users

1 Download the Octopus App for Business

2 Login and activate Lalamove Business O! ePay "Cashier Mode"

3 Start receiving payment from Octopus cards, O! ePay or Smart Octopus in Samsung Pay

Rewards to Lalamove drivers

From now until **30 September 2018**, eligible Lalamove drivers will be able to receive up to **HK$250** rewards upon downloading and activating their Business O! ePay "cashier mode" function:

(i) **HK$50** reward upon receiving the first Octopus transaction;
(ii) **HK$200** reward with a cumulative payment collection of HK$2,000 or above.

Technical requirement: Android (4.4 or above) with NFC function or iOS (9.0 or above) with Octopus Mobile Reader. List of tested devices: https://www.octopus.com.hk/en/consumer/mobile-payment/octopus-app/list/index.html
